

Are you looking for a new challenge with creative scope?

Do you want to take on responsibility and make your contribution to the company's success?

We look forward to receiving your application!

For our head office in Berlin, we are looking for the following person as soon as possible

## **Controller (m/f/d)**

### **Company**

CLERE AG operates in the 'Renewable Energies' sector. The company invests in and operates solar plants, predominantly in Europe.

### **Job profile**

- Support for the consolidated financial statements (quarter/year)
- Technical support for the group consolidation tool LucaNet
- Preparation of bank reports - calculation of covenant
- Profitability calculation of projects
- Support in M&A processes
- Preparation and review of balance sheet and profit and loss statement
- Participation in the preparation of the audit of the annual financial statements
- Support in budget preparation and liquidity planning
- Carrying out profitability and variance analyses
- Contact person for external service providers

### **Applicant profile**

- Completed training or degree, ideally with a focus on business administration
- Basic understanding of the interplay between balance sheet, P&L, and cash flow
- Experience with discounted CF calculations
- Good analytical and organizational skills
- Experience in the field of PV systems is an advantage
- Team player, solution-oriented, self-starter and motivated to take things further
- Very good knowledge of German and English, both written and spoken. Other languages and experience abroad would be an advantage
